Bracken Won't Run Portage-Neepawa

CARBERRY, Man., Oct. 2.—(CP)—John Bracken, national leader of the Progressive Conservative party, said here yesterday he felt it was "better for the party and for Canada" that he withdraw as a possible candidate for the newly-formed federal riding of Portage-Neepawa.

"I would prefer to run in western Canada and win a new seat for the Progressive Conservative party from the Liberal party," he said in addressing the first organizational meeting of the Progressive

By-Election

(Continued from Page 1)

ing it over was told he would be expected to take the nomination, subject to the appointment as Fisheries Minister and win the by-election if no other sure-shot candidate could be unearthed.

That understood, Mr. McNair returned to Fredericton, and two days later the phone rang in Mr. King's office with the New Brunswick premier on the line.

Fredericton: Will Milton Grege do?

Ottawa: Yes. That was it. Dr. Grege "reluctantly" that was the word he used, and possibly in his trust some-look he have from the \$7,000-a-year presidency of the University of New Brunswick.

MR. McNAIR, first New Brunswick premier to make a full-time job of running the province, and according to his enemies, doing it remarkably well, would have had the cabinet appointment and won the by-election breathing. He didn't want any part of it. He wanted to see the \$2,000,000 Beaverbrook Hotel finished in Fredericton, carry out other cherished good works for the province and then accept the appointment as Chief Justice of New Brunswick.

For that position he is a contender. Mr. Justice Michaud, former Dominion Fisheries Minister wants the post, and in his favor are flying around the northern and predominantly French-Canadian section of New Brunswick.

Should Mr. McNair win the by-election for Dr. Grege—and local odds are that he will—Mr. Justice Michaud might just as well use his petitions for hearing his Court of the King's Bench office. That is where he will be staying if Mr. McNair brings home a winner on October 26.

LIKE A PLAGUE, Mr. McNair and Progressive Conservative National Organizer Richard B. are avoiding use of the military ranks when presenting their candidates. To his supporters, Mr. Sanson is known as plain, down-to-earth "Eric," but the non-operating Liberals insist on calling him General.

In turn, the Liberals much prefer to have Mr. Grege known as "Doctor," or even "Doctor Grege," there again any unanimity is lacking, for the opposition group speak of him as Brigadier. Brass, in military hat, is at an awful discount in York-Sunbury. So are women as campaigners.

MRS. GREGG, like Mr. Sanson, has been "instructed" to remain home and attend her household knitting. The campaign in York-Sunbury is exclusively on the "single standard." Campaigning is strictly the business of the "men-folk."

That's the way it is today. But things change fast. Two days ago Premier McNair wanted the cabinet ministers at Ottawa to stay there. A ministerial invasion, he felt, might be "reactionary" or even "capable of thinking for itself."

Last night it occurred to him such a deliberate absence from the scene of cabinet bickering might be interpreted as a vote of confidence in Doctor Grege by his council colleagues.

An executive of the Liberals announced the change in strategy. "THE CABINET is coming down after all," he let it drop around the dinner table at the Queen's Hotel. "We're really going to vote them out."

It was arranged in another long

Believe It or Not! by RIPLEY

EXACT CENTER U.S.A.
THE EXACT GEOGRAPHIC CENTER OF THE UNITED STATES (LAT. 39°52' N. LONG. 98°33' W.) NEAR JOHN GREIBER, CHICAGO, ILL. EXACT CENTER

distance telephone discussion between Fredericton and Ottawa, and Premier McNair was given the pick of plenty of "available" cabinet talent.

"Available" it called, Fredericton has been named, are Health Minister Martin, Transport Minister Hevner, Justice Minister Haley, External Affairs Minister St. Laurent, Labor Minister Mitchell and Finance Minister Abbott. He will be returning from London in time to spend the last three days of the campaign in York-Sunbury if "needed."

But none will come unless summoned by Mr. McNair. THIS IS SO much his show that a long telegram from Minister King sent Dr. Grege—which was cleared in the East Block for publication—has yet to see the light of day.

Mr. King's telegram was not deemed particularly helpful, as he has not been used. Whatever the outcome, it likely will not rattle the fine feathers of this pretty little university and government city.

The big depend frog will still size blindly from his glass cage in the lobby of the Barker House. The clock on the wall of the room of the Queen's will continue ticking off the minutes, hours, days, months and years, taking short February and even leap year in its accurate, mechanical stride.

AND IN THE READING room, unassuming travellers will continue writing "having a wonderful time, wish you were here" on their postcards atop a table cluttered with four perfectly matched mouse legs. Shapely, these mouse legs would look good in nylon.

The frog at the Barker House has been sitting in its case since the turn of the century. Chas. Coleman of the Barker House fed it on chips from the hotel kitchen, and when it had attained its astounding 42 pounds, he had it stuffed and mounted in his lobby. Perhaps it is real. More likely it is a fabrication.

Perhaps General "Eric" Sanson will win. With the frog you won't know for sure until the glass case is

Surgeon Believes Severed Limbs Can be Rejoined to Human Body

CHICAGO, Oct. 2.—(AP)—A New York surgeon believes that a completely severed arm or leg could be reattached successfully to the human body without loss of function. Such experiments already have proved successful, with fingers and with whole limbs of dogs, Dr. L. W. Connelley, attending surgeon at the New York City Hospital, said in a paper prepared for the United States chapter of the International College of Surgeons.

He said surgeons had "amputated" the legs of dogs, placed the legs in an ice box for 24 hours and then were able successfully to replace the limbs and have them heal to recover the full use of the part.

"We think this is possible

with humans under ideal circumstances and but by a thoroughly trained team of not only good surgeons but good blood vessel surgeons. We have been successful with fully amputated fingers."

In refrigeration surgery, a mangled or infected extremity is packed with ice and preserved as long as several weeks or until the patient's condition is improved to the point where the member may be amputated or saved.

Says Deformity Is Crime Trigger

By ROBERT GOLDENSTEIN

CHICAGO, Oct. 2.—(CP)—A plastic surgeon who has operated on 275 postoperative prisoners in a 10-year experiment expressed the belief yesterday that ugliness or deformity may have served as the trigger that started them off in crime.

Operations to improve the appearance of the convicts were performed at the Illinois State penitentiary by Dr. John F. Pick of Chicago, reported that only 8 per cent of these patients had been returned in the institution as crime repeaters—a figure he said was "markedly below" the usual percentage.

In a talk prepared for the United States Chapter of the International College of Surgeons, Dr. Pick said: "A physical defect or deformity, though usually only a contributing factor, can be a dominant cause of crime... it is felt that where bodily defects or gross features exist in the youthful subject should be removed before the boy delinquent becomes a man criminal."

The Fort Kootenay left Tuesday to close the navigation season, which opened late in July. The Chicago route first was opened for grain in 1931.

Members of the Hudson Bay Route Association and other experts of the northern export trade hoped to see 10,000,000 bushels shipped out, though far short of this figure, grain cargoes carried this year represented an increase of 682,234 bushels over the previous record shipped in 1936.

Trading Outpost Under Quarantine

MOOSE FACTORY, Ont., Oct. 2.—(CP)—This remote outpost on the Moose River 10 miles south of James Bay was quarantined today as an emergency measure to check the spread of diphtheria. The community has a population of 308, including 12 white men. The quarantine has also stopped the wan-

derings of some 100 hunters. No person is permitted to leave, or to approach the island. The quarantine does not affect Moosehead, the nearby mainland station which serves Moose Factory, a Hudson's Bay Company post established during the 19th century. Muhammadans first used coffee to keep awake during long religious ceremonies.

Clarify Powers Governor-General

By ROSS MUNRO

OTTAWA, Oct. 2.—(CP)—Revision of the royal commission relating to the office of the Governor-General of Canada has stripped a good deal of legal moss off the constitutional position of Canada relating to the royal prerogative.

Anacronisms in this position have prevailed since the 1801 Statute of Westminster defined Canada's autonomous status in the British Commonwealth and the chief one was the necessity for Canada to get Royal Assent directly from the King on decisions requiring that formal assent.

The new "letters patent" name for these revised documents, authorizes the governor-general as from Wednesday to exercise, on advice of the Canadian government, all of the King's powers in respect of Canada.

This in effect provides for the transfer of the royal prerogative as it applies to Canada anyway, from Buckingham Palace to Rideau Hall.

This is no revolutionary constitutional development, but it does, at long last, clarify Canada's position and it follows naturally enough on the Statute of Westminster, although 36 years afterwards.

It does not limit the King's prerogatives, but it does allow for them to be localized within the borders of Canada.

Threaten Strike
ROME, Oct. 2.—(AP)—The Rome chamber of labor threatened today to stage a general strike throughout Rome province Friday to enforce demands of payments for the right to use uncultivated lands.

The new strike threat followed a warning by Communist chief Palmiro Togliatti in the constituent assembly that labor agitation would continue until Communists and Socialists were included in the government.

opened, nor with York-Sunbury until they unlock the ballot boxes.

Permanent Europe Food Problem Seen

WASHINGTON, Oct. 5.—(AP)—The Population Reference Bureau said today that if Europe's population keeps on rising its food shortage may become a permanent world problem. The bureau, an organization of United States university professors, estimated 32 European countries failed 11,800,000 in population during the war, despite heavy casualties, and will gain another 22,000,000 in the next 10 years. The figures did not include Russia.

Home for Natives

PEARL HARBOR, Oct. 5.—(AP)—The United States navy will provide a new and better home for 167 natives who left Bikini 18 months ago as the lagoon could be used for atomic bomb tests. They were settled in another island after leaving Bikini and a government report described them as a "defeated, frustrated and poverty-stricken people."

The carnation, one of the oldest flowers still under cultivation, was first described in 300 B. C. by the Greek philosopher Theophrastus.

Soccer Fans Try To Lynch Umpire

WARSAW, Oct. 2.—(AP)—Soccer fans in Poland can give lessons to Brooklyn Dodgers fans in treatment of umpires. The crowd at a soccer game in Kosonowice, Southern Poland, disagreed with a referee's decision and attempted to lynch him.

The free-fall was broken up by five horses and militia, with 60 injured. The umpire escaped with his life.

Immediate Effect Unknown

\$2 Wheat Welcomed But Farmers Puzzled

WINNIPEG, Oct. 2.—(CP)—Two-dollar wheat sounded good today to the Western Canadian farmer but he didn't know what it meant to him personally.

THE 45-CENT increase in the price of Canadian wheat to the British and Canadian governments yesterday, still hasn't changed the \$2.25 interim payment received by the farmer for his 1943, 1944 and 1945 crops. On them he still is owed 20 cents a bushel.

Under the new \$2 price, unless the interim payment is changed, he will be owed 60 cents.

Growers and operators alike today said they hoped the government soon would follow up the announcement of the new selling price with one of new interim payment to farmers.

The \$2 rate goes into effect Aug. 1946 when next year's harvest begins rolling in. The present \$1.55 rate will apply until then on sales of the 1945 harvest.

GROWERS SAID that if the government merely raised the interim rate to \$1.55, the present selling price, their credits of 20 cents a bushel, secured through the harvests of 1943, 1944 and 1945 would enable them to meet increased costs of production and farm living.

Of sources questioned, only the Canadian Wheat Board declined comment. Generally others all welcomed the announcement as an augury of better times to come.

Agriculture Minister I. C. Nolle of Saskatchewan said the news was very welcome.

W. J. Parker, president of the Manitoba Wheat Pool, and J. T. McLean, executive secretary of the Manitoba Federation of Agriculture and co-operation both were enthusiastic.

MR. PARKER SAID the \$2 price for 1945 crops was the least that would have been acceptable. There was a world shortage and the world's needs had increased. So also had the prices of things the farmer had to buy.

He said that a government announcement "the amount possible" of an increase in the farmer's interim receipts, consequent on the \$2 price, would release substantial sums to growers, enabling them to meet higher costs and also compensate those who this year had had poor crops.

Ask Better Price Last Year's Wheat

CALGARY, Oct. 2.—(CP)—Roy Marler of Bremner, president of Alberta Federation of Agriculture,

Sees Nfld. Union By End Next Year

MONTREAL, Oct. 2.—(CP)—At least one member of the Newfoundland delegation who has been discussing possibilities of confederation with Canada was returning home last night convinced of "at least 80 per cent" of the practical terms under which confederation would be possible.

Interviewed aboard a train taking the delegation to North Sydney, N.S., Secretary Joseph Smallwood said that he was "completely satisfied that as a result of a national referendum next week, Newfoundland will be a Canadian province before the end of 1946."

Other members of the delegation were more reserved.

"We haven't yet had an offer of confederation in the specific sense of the word offer," said Charles H. Bullen. "Until we do there is not a great deal of point in making predictions."

High Russian Sees Little War Danger

By EDDY OILMORE
MOSCOW, Oct. 2.—(AP)—Vasily Lishin, a publication of the Soviet Supreme Military Tribunal, said yesterday little danger exists now of a new war, but added that foreign countries were attempting to use aggression in the necessity of equal importance is the necessity of equal products be lifted accordingly.

"Farm organizations in this province are much concerned over the stability of their industry and believe that an effort to retain a reasonable balance of grain, livestock and poultry production should be of major consideration on the part of both the government and the farmers."

"The announcement also would indicate that the government is in a position to increase substantially the initial payment for the 1945-46 crop and to make an interim payment accordingly for 1945-46 and 1946-47."

Domestic Tangle Ends in Shooting

CHATHAM, Ont. Oct. 2.—(CP)—A domestic tangle was held over possible last night for the fatal shooting of a 23-year-old Chatham man and police said that a charge of either murder or manslaughter would be laid against the victim's co-defendant, Chief Constable C. H. McCall.

McCall said that J. H. McCall was shot and killed when he sought to intervene in an argument between his daughter and her husband, James St. Pierre. Said the

of the most important public trials in the Soviet Union, including one in 1938 in which 16 persons were charged with a terrorist plot to kill Premier Stalin.

Victory Express

SHANGHAI, Oct. 2.—(AP)—The Victory express train arrived today with shattered windows after a run through a hailstorm of bullets fired by armed gangs between here and Nanking Tuesday. No passengers were hurt. Railway police are searching for the attackers.

Allie Reynolds Scuttled Brooks With Fast Ones

By Austin Bealme

YANKEE STADIUM, New York, Oct. 2.—(AP)—Two down and two to go was the Yankee battle cry as New York's American League Champions flexed into their dressing room after flattening Brooklyn Dodgers 10-5 yesterday to take a 2-1 lead in the World Series.

"You can't win four if you don't get two," said Manager Joe Torre, Harris, altering his statement of Tuesday when he noted that "you can't win four if you don't get one."

"It wasn't a photo finish yesterday, for which I'm thankful," he added.

The Yankees, who always act like Yankees even though their personnel changes from year to year, were less demonstrative yesterday than Tuesday.

They poured into their comfortable, richly-appointed clubhouse, passed congratulations around among themselves and relaxed with obvious satisfaction.

Allie Reynolds, who won all the way for the winners in his first World Series mound appearance, was the centre of attention.

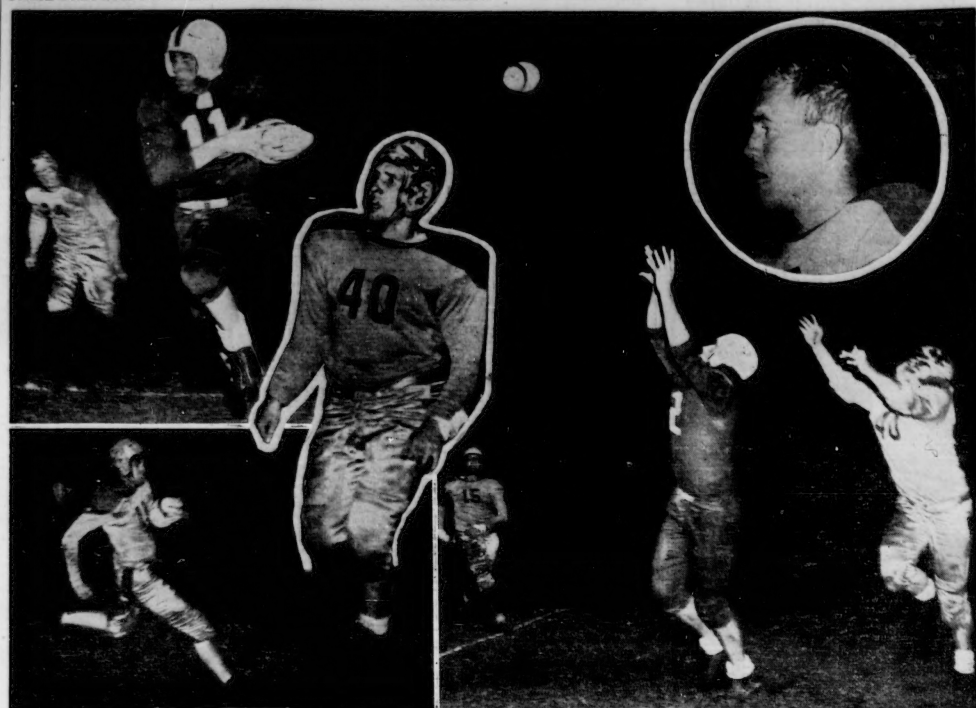

"THREE MOSTLY fast balls," Reynolds disclosed. "It was a fast ball that Dottie Walker hit for a home run. It didn't have much on it—until after he got through with it. That ball must have torn out about three feet."

Harris, who announced that the veteran Bob Newman, acquired in mid-season, would be his starting pitcher today, said rookie Larry Berro would do the catching again, although there was some feeling that the Yankee skipper might switch to another backstop.

Berra, only Yankee who failed to get a hit yesterday, also was the victim of a couple of fielding lapses.

"He'll be all right," Harris insisted. "He'll get his legs under the series is over."

Golden Bears Stun Blues and Fans With Fine Football Performance

ST. CATHARINES ATHLETIC CLUB

ST. CATHARINES, Ont. Oct. 2.—(CP)—St. Catharines Athletic Club, a virtual stranger to Canadian junior league honours last night when they moved out Vancouver Burrards 6-0 for a 2-1 lead in their best-of-five series.

The Eastern aggression, winners of the opening contest Tuesday night 10-3, were out in front for virtually the entire second game. The Burrards displaying a keener brand of lacrosse than in the first contest, went behind in the opening quarter and were able to draw on even terms for a short time when the score was 4-1 in the third quarter.

St. Catharines Again Defeats Coast Juniors

ST. CATHARINES, Ont. Oct. 2.—(CP)—St. Catharines Athletic Club, a virtual stranger to Canadian junior league honours last night when they moved out Vancouver Burrards 6-0 for a 2-1 lead in their best-of-five series.

Toronto Wins 19-5: Hobbs Steals Show

ALBERTA BEARS In Surprising Grid Display

It's not often that the home crowd is elated after watching its own grid stalwarts go down to defeat, but that's what happened at Clarke Stadium Wednesday night when more than 6,500 saw University of Toronto Blues win 19-5 over Alberta's battling Golden Bears.

Ontario's victory early in the game and outplayed by a wide margin in the first two quarters, the Bears were entirely different squad in the second half when they held the visitors scoreless.

THE IRVING to Hobbs in the third quarter was a thriller all the way and probably the longest touchdown gallop ever witnessed on the Edmonton grid. And the keeper alive the fire kindled by Harry Hobbs' sensational run, the Bears maintained an offensive for most of the final quarter and easily missed registering a second major score.

Toronto marked up a total of 17 first downs in the game as compared to eight for Alberta, but 11 of them came in the first half in which the Blues scored all their points. They moved the sticks seven times in the second quarter. Both teams gained yards twice in the third and fourth quarters, the Blues to four in the fourth.

Ducks Urgently Needed For Dog Trials Oct. 5

The stage is set for the Edmonton Sporting Dogs Club field trials at Edmonton Beach on Oct. 5, except for one item—a shortage of ducks.

Norman Lee, public relations director of the club, has sent out an appeal to Edmonton hunters to lend a hand in this respect. He suggests that those who have a few ducks to spare leave them at the Edmonton Cold Storage, 1001 Ave. and 104th St. The birds are essential in putting the dogs through their paces. The club already has a few, but it needs about 60.

MR. LEE is looking forward to a highly successful trial. He said about 15 dogs will compete in the all-age open and in the neighbourhood of 25 will participate in the entire meet.

Besides the all-age open, there will be a puppy-dog stake, and service event for dogs that haven't won in a licensed field trial.

THE ALL-AGE will consist of two retrievers on the land of 120 and 75 yards; a blind retrieve from 100 yards; a water retrieve and ducks—at 80 yards. If a dog picks up any of the ducks he will be disqualified, as will any dog that fails to complete any of its retrieves on land, or in water.

The trials site is an ideal spot, according to Mr. Lee. The grass is green and there is plenty of cover.

Asks U.S. to Curb Russian Visitors

WASHINGTON, Oct. 2.—(AP)—Russia's action in barring touring American senators from the Soviet Union brought a demand yesterday from Senator William Knowland (Rep.-Calif.) for curbs on the admission of Russians to the United States.

Robert Lovett, under-secretary of state, said at a press conference that Russia's action is "under consideration" but withheld comment on possible retaliatory measures.

In a letter to President Truman, Knowland called for a "top level decision" limiting the number of Soviet citizens allowed to enter the United States in "under consideration" but withheld comment on possible retaliatory measures.

He said state department figures showed that on Feb. 1, 1947, there were 286 Americans in Russia. By contrast, over 1,500 visas have been issued for Russians to enter the United States this year.

Windsor in U.K.

DOVER, Kent, England, Oct. 2.—(AP)—The Duke of Windsor arrived yesterday for a visit of about 10 days in England "on private business." The Duchess did not accompany him from France, she replied "by, of course," when asked if he would see members of the Royal Family.

Squeezing Squash

That thing Barbara Peletta is squeezing is a squash. The monster is 3 feet high, and weighs all of 125 pounds. It was grown by Barbara's grandfather in Sacramento, Calif., who is probably wondering why.

Estonian Refugees Land in Florida

MIAMI, Fla., Oct. 2.—(AP)—Estonian refugees landed yesterday aboard a 40-foot Swedish yacht after sailing some 5,000 miles to escape what they described as the "iron level of Russian domination." The group, fourth boatload to land here in 13 months, is retained by Kalmie Vaski, who reported to immigration authorities that none had entry visas.

Reject Russian Plan for Austria

VIENNA, Oct. 2.—(CP)—An American spokesman said yesterday France, Britain and the United States had rejected a Russian proposal which might hide monumental and fantastic claims against Austria.

The spokesman said the Russians proposed in the continuing four-power commission talks on the Austrian treaty that Austria pay for "all supplies and services delivered to Austria by any of the Allies or associated powers between May 1, 1945 and the coming into force of the treaty."

The Russians rejected a United States proposal, backed by Britain and France, to waive all claims on imported supplies in the same period. These claims would, under the proposal, be figured as costs of war and the realization of Allied objectives in Austria.

The four-power commission has ended its discussions without reaching agreement upon a single article of the treaty, a British spokesman said.

Canada to Train In Atom Warfare

OTTAWA, Oct. 2.—(CP)—Canada has taken the first step towards training the peacetime army in atomic warfare. A defense department spokesman said that as a staff medical officers are receiving instruction on treatment of casualties in event of use of atomic bombs in another war. Special attention is being given to blast, radiation and burns. Army headquarters also have under consideration the possibility of extending the training to all ranks, but no decision has been reached.

Calling the Weatherman

Screen starlet, Kylie MacDonnell, has the right idea about her weather costume. Kylie hails from Texas, and has blue eyes. She was a former New York actress. She makes her screen debut in "Marty."

Wants Ottawa Build National Highway

OTTAWA, Oct. 2.—(CP)—Hon. J. S. Macdonald, Manitoba's resources minister, yesterday delegates at the three-day Dominion-provincial treaty conference that the tourist industry could be made into a \$10,000,000 concern in 10 years if new roads and accommodation were improved.

"I would recommend a good national highway, built by the federal government, with federal funds," he said. Manitoba was not satisfied with the present situation. The newspaper industry brought \$300,000,000 annually into Canada, but the tourist industry was an even greater asset. Accommodation needed improvement.

Audience Fooled for Awhile

'Russian General' Comedy Gag Ends With Pie in the Face

WASHINGTON, Oct. 2.—(AP)—Ole Olsen of the comedy team of Olsen and Johnson, cooped up a pitcher of ice water over his head and pulled a custard pie from under the table and smashed it into his face. At that point the audience caught the gag and the gathering broke up.

Olsen introduced his skit to screen as "Gen. Fendler Tan, O.R.S., chief of N.Y.D." (The Russian security police) the "general" took a place at the speakers' table not far from Attorney-General Tom Clark and F.B.I. Director J. Edgar Hoover. He was accompanied by a woman and both were resplendent in Russian uniforms.

Asked to speak, he discussed law enforcement methods in the Soviet Union and then launched into a comparison of Russian progress as compared to "the decadence" of the United States.

The unsuspecting audience sat politely quiet during the first five or 10 minutes of the discourse, and then became restive. Murmurs of protest arose from various parts of the banquet hall.

Denmark Honors Alta, Inspector

CALGARY, Oct. 2.—(CP)—Thom Kjar, provincial game inspector, and honorary member of the Western Canada Royal Danish Guards, has been awarded the Danish Liberation Medal, from the King of Denmark. The medal is only awarded to foreign citizens of Danish origin, who during the war contributed to the Allied cause, and who indirectly assisted Denmark.

Don't Suffer from CHRONIC BRONCHITIS

"Several years ago, I began to suffer from a very irritating bronchial cough," writes Mrs. W. L. Lantry, 21 John St., Box 141, Albany, N.Y. "I tried a number of remedies but without success. Fortunately I decided to try KAL-MAL, and before my 1st was over, I was cured. I am now without coughing and am able to look after my business as usual. Don't suffer needlessly from dry, hacking or phlegmy bronchial cough. KAL-MAL is the only remedy that cures. KAL-MAL is available at all drug stores. 35¢. 21 at drug stores everywhere. K-425.

Conservation Board To Start Work Soon

CALGARY, Oct. 2.—(CP)—The office of the new Eastern Rocky Mountains Conservation Board will be set up "almost immediately" in Calgary and will ultimately have a staff of 18 to 20. Maj.-Gen. Howard Kennedy, chairman, announced last night. He also announced that J. D. Middleton, an engineer for several years with Consolidated Mining and Smelting Co. Ltd., has been appointed secretary of the board. Former Magistrate H. G. Jensen of Calgary has been appointed board member representing the province. A federal member is yet to be appointed. General Kennedy and Mr. Jensen are now setting up the organization.
